

TO: All FAMA Members

The 1st Quarter 2017 FAMA Statistics have been confirmed and are ready for analysis.

Please review the following directions on where to locate the data and reports:

Log into the secure section of the FAMA website (Username and Password access codes are required). Select FAMA Statistics in the menu located on the left side of the page and log into the new statistics website.

Please be sure to check out the **help selection and users manual** located at the top of the web page. For more difficult issues, please email a detailed description of the concern, including screenshots to info@fama.org.

Special thanks to the Statistics team for their continued diligence to ensure statistics reports are prepared timely and are made available to all FAMA member companies. Of course, there would not be reports at all without the cooperation of member companies that participate by providing their data toward this invaluable program - thank you!

FAMA statistics and reports are CONFIDENTIAL and are available only to member companies. FAMA data shall not be distributed, repurposed or exchanged with any non-member parties.

Sincerely,

Paul Bostrom, Statistics Committee Chair
Mike Moore, Statistics Committee Co-Chair
Mike Schoenberger, Board Liaison
