Is a non-profit trade association, the members of FAMA are committed to enhancing the quality of the fire apparatus industry and emergency service community through the manufacture and sale of safe, efficient fire apparatus and equipment. With an overall goal of advancing and protecting the interests of the fire and emergency services community, FAMA members work closely with national and international organizations within the fire service. Members assist in the development of safety and performance standards, and programs for improving fire apparatus and equipment. FAMA also provides the fire and emergency services community with essential tools and information to help promote the need for newer and safer apparatus.
