

TO: All FAMA Members

The 3rd Quarter 2017 FAMA Statistics have been confirmed and are ready for analysis specifically within the new Statistics website.

The standard quarterly Statistics Reports will be developed and posted in the FAMA Vault (the secured documents section of the FAMA website) today.

Truck Reporters: To help FAMA provide confirmed quarterly statistics reports more quickly, please double check your data before closing the quarter and confirm the following:

- Shipment Dates must be after or post the Booked Date
- Ensure the Country and State are accurate

Special thanks to the Statistics team for their continued diligence to ensure statistics reports are prepared timely and are made available to all FAMA member companies. Of course, there would not be reports at all without the cooperation of member companies that participate by providing their data toward this invaluable program - thank you!

FAMA statistics *and* reports are CONFIDENTIAL and are available only to member companies. FAMA data shall not be distributed, repurposed or exchanged with any non-member parties.

Sincerely,

Paul Bostrom, Statistics Committee Chair
Mike Moore, Statistics Committee Co-Chair
Mike Schoenberger, Board Liaison
